

Team Chat System Instructions

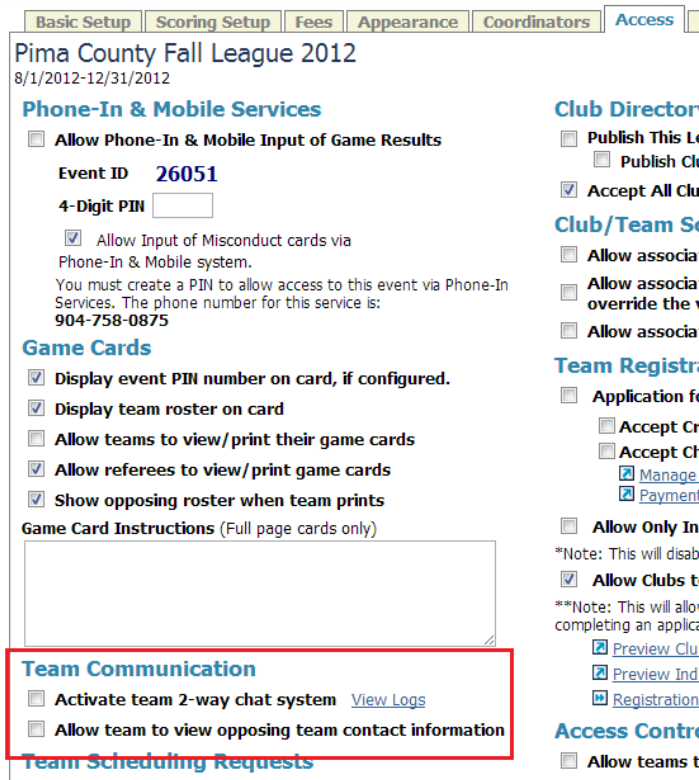

The team chat system can be used by teams to communicate with each other. It incorporates message read status, historical logs, opposing team contact information, and an email notification system. The chat can be used by teams to discuss scheduling changes which can then be input into our existing team request module. The league has access to all logs of communication between teams.

Club Instructions

1. Log in to your Gotsoccer account, and then go to the League Tab
2. Click on the league you are working on
3. Go to the access tab

4. Enable the chat options in the left hand column

- You can view the logs by click on view logs in the access tab, or by go to your teams list and clicking on chat logs in the gray bar.

- Use the filters to search for particular chat logs

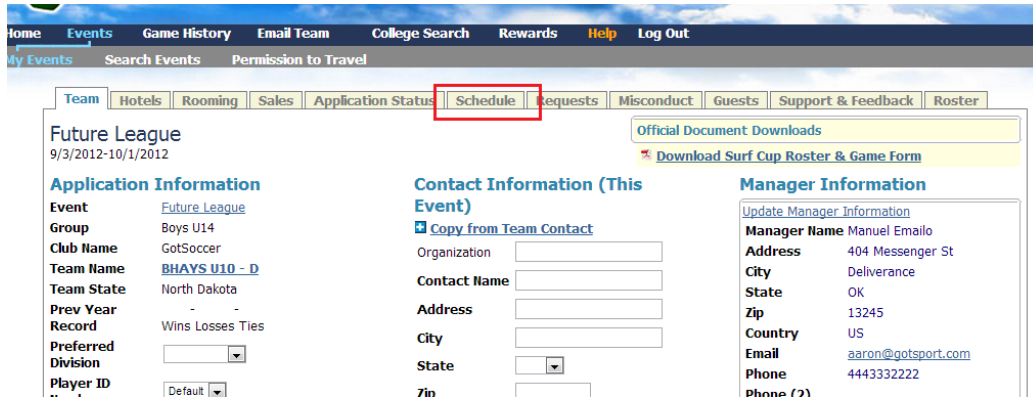

Gender/Age	From/ To/ Game#	Message/Sent
Boys U11	From: GOTSOCGER.GOTBHAYS.U10 - B To: GOTSOCGER.GREHLINS Game # 1	Message Sent: 10/9/2012 12:56:34 PM

Team Instructions

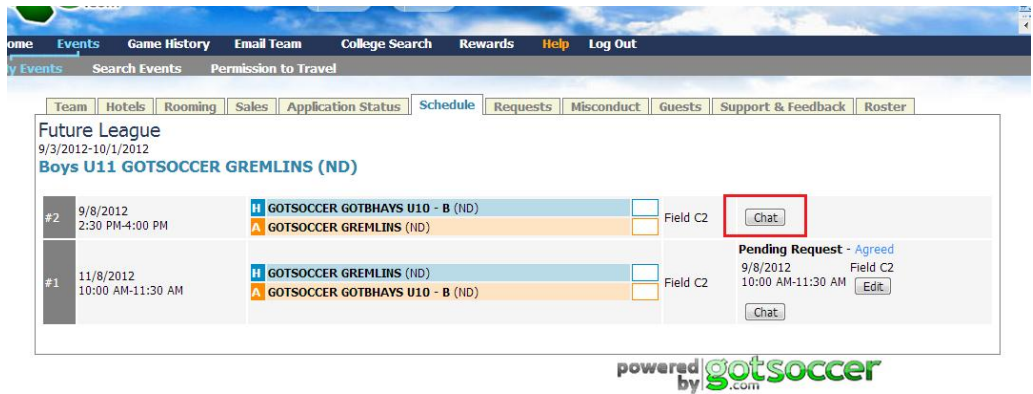

- Log into your team account
- Click on the event
